Statement on Rohs Compliance

Dear Customers,

We appreciate your interest in the compliance of CRESPO PRINTING GROUP with EU Directive 2011/65/EU (RoHS 2), effective from January 3rd 2013.

The directive makes reference to maximum concentration in weight of certain substances (Lead 0,1%, Mercury 0,1%, Cadmium 0,1%, Chrome Hexavalent 0,1%, poly-brominated flame retardants PBB and PBDE 0,1%), in electric and electronic devices manufacturing.

As a leading manufacturer of PCBs and membrane keyboards, CRESPO PRINTING GROUP is committed to the protection of the environment; we are sensitive to the problems involving the use of harmful substances.

Hereby we would like to inform you that our manufacturing processes and our manufactured products are free from the substances listed on EU Directive 2011/65/EU (RoHS 2).

Yours sincerely,

José
